EXPERIENCE

- Software Engineer** 2026
Logolife | New York City, New York
 - Revived and maintained the company's Playwright end-to-end test suite by improving existing test coverage, identifying and resolving feature-level application bugs, and documenting QA workflows to enhance software reliability, maintainability, and collaboration across the development team.
- IT Operations Specialist** 2024 - 2026
Dems Financial Consultancy Services | Orion, Bataan
 - Handled end-to-end hardware and software troubleshooting, resolving system issues and ensuring daily operational continuity. Set up and maintained company equipment including computers, routers, and switches. Performed routine system updates, software installations, and remote support, ensuring stable IT infrastructure.
- IT Support Technician** 2021 - 2023
Dems Financial Consultancy Services | Orion, Bataan
 - Provided independent day-to-day technical support for employees, handling hardware, software, and connectivity issues across the office. Installed and configured computers, routers, and switches, performed system maintenance and updates, assisted with IP addressing and basic network configuration.
- Junior IT Support Technician** 2019 - 2021
Dems Financial Consultancy Services | Orion, Bataan
 - Started as entry-level IT support technician with the setup, maintenance and basic troubleshooting of office computers, printers, and peripherals. Provided hands-on support for common hardware and software issues, assisted with basic network setup, device configuration, and user support.

PROJECTS

Waypoint

Open-source VS Code extension for static & AI-assisted code analysis.

SuitLink

AI-assisted recruitment platform built with the MERN stack.
